THE DAILY SENTINEL.

MILWAUKEE:

Monday Morning, May 4.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, April 27th.

The law and order democracy of this city, headed by their true representative, *Fernando Wood*, are seating themselves in array against the recent laws adopted by the State Legislature to regulate the government of the city, and to check, if possible, the multiform abuses and corruptions incidental thereto. In *Kansas*, the *law and order* democracy are vehement sticklers for law, as they call the legislation of the Missouri ruffians who constituted the legislature of that territory; for that law favors all the enormities of Slavery, and the propagandism of Slavery, which is now the received synonym of democracy; but here, where laws passed in all the ordinary forms, and by regularly chosen representatives, aim at curbing misrule and preventing peculation, the democracy appeal to the Courts, and, encouraged by the usurpation of the Supreme Court of the U.S. in the Dred Scott Case, they ask our Courts here to prohibit *in limine*, and before its constitutionality has been or can be tested by any action under it, the execution of the law. Nay, more, we have the extraordinary spectacle of the law officer of the State, the Attorney General, volunteering to sue out a process against the validity of a law duly passed—an act of the very government of which he is a member—before any case has arisen under the law!

This is another of the alliances between Know Nothingism and the Sham Democracy, the Attorney General, Mr. Cushing, being a Know Nothing, and Mr. Fernando Wood a very sham Democrat. It would almost seem as though the judiciary Department were lending themselves to this shameless alliance and dangerous defiance of the will of the people, expressed through their representatives in Senate and Assembly. First, we have Judge Davies, of the Supreme Court, granting an unlimited injunction against a law of the State, upon the motion of a single citizen, and that being found rather hazardous ground, we have another Judge of the same Court, Mr. Roosevelt, issuing a writ of mandamus to the Commissioners appointed under the new Metropolitan Police act, to show by what authority they claim to act, and meantime adding an absolute injunction against their acting until the aforesaid Judge shall be satisfied of their authority. Truly, this is a perilous undertaking, for it amounts in short to this—that any one who feels himself aggrieved by a law has only to make affidavit of the fact, and that he believes it unconstitutional, to arrest its execution.

If this be law for a State, it is law for the United States—and it would be quite as competent for an importer who thought the rates of duty imposed by Congress on his particular wares oppressive and unconstitutional, to apply for an injunction against the execution of the Tariff, as for Fernando Wood, or any other citizen, to apply for one against the Police Law.—That law has all the sanctions which any law can have. If, when enforced, it works any wrong cognizable by a Court, then is the time and that the occasion for trying its validity; but the claim for a single Judge to interpose his *veto* in advance against the enforcement of a law seems to me too monstrous to be submitted to, and one which, if persevered in, must bring on such a conflict between the popular will, as expressed by the Legislature, and judicial usurpation, as must be most injurious to the judiciary department of the government. In another point of view, this conflict is inauspicious, as raising a question between city and country. It would really seem, to hear some men talk, as though they supposed New York city and county were a sovereignty of itself, and not answerable like other counties of the State, to general legislation. The pretence that laws shall not, and cannot, be rightfully made for this city by the State Legislature, except with the consent of the city representatives and authorities, is preposterous in the extreme; yet, virtually, such is the ground taken. The country will take care to get the right, but there is danger lest in doing what is right they may be tempted into what would be vindictive, and seek to permit, as well as to redress wrong.

It is not to be disguised that with all our material prosperity and wonderful expansion territorially, and in population, and the general outside appearance of strength and contentment, problems are now in process of discussion of which the solution, as it may be wise or otherwise, shall affect the very foundations of our political fabric. Licentiousness is not Liberty, nor political corruption the element either of true conservatism, or true democracy. The wealth of this great city especially sorely tries the integrity of the public men who attain to places of power and profit; and our very prosperity thus becomes—no new lesson, by the way, in the history of nations—the element for our overthrow. Our city legislation is horribly corrupt—our city elections are horribly corrupt; and the forms of liberty serve only to cloak the vilest and most mercenary results of partizan bondage. The Legislature of the State, inspired and controlled by the purer views of the country members, passed several bills especially designed to remedy these city corruptions. The city members, chosen by means of these corruptions, opposed those bills, of course; but they became laws by decisive votes; and now the Judiciary is called upon to nullify those laws! Fatal appeal!

DON'T WANT TO TELL.—The slight difference between our Democratic contemporaries, the *News* and *American*, seems to promise some interesting developments. The *American* calls upon the *News* for the name of a certain leading Know Nothing, whom the *News* but recently endorsed as a patent "Democrat," and who "sold out," last fall, for a regular nomination to the Assembly.—The *News* dodges a direct answer, but revenges itself by lavish abuse of its yoke-fellow, the *American*. We rather think that the *News* is afraid to tell. It dare not reveal the secrets of the Know Nothing conclave with whom it is "hand and glove," just now.

EARLY IN THE FIELD.—The Columbia County *Reporter* (Carr Huntington, editor,) nominates WILLIAM A. BARSTOW, as the candidate of the Sham Democracy for Governor of this State.—We trust that the Democratic State Convention will pay due heed to this "special edict" and give ex-Governor BARSTOW another chance at the ballot-boxes. We have our doubts, however, whether Spring Creek, Bridge Creek, Town 25, Range 10, &c., &c., can help him out a second time.

AN EDITOR RETIRED.—Mr. C. LATHAM SHOLES, in the last number of the Kenosha *Tribune and Telegraph*, announces his retirement from the post of editor of that paper. Mr. SHOLES is one of the veteran editors of Wisconsin, and has always sustained himself ably and courteously, winning the respect and esteem of the fraternity generally. We regret to lose him from our number, but do not doubt that his influence will be felt for good in whatever position he is placed, and in any position, he has our best wishes for his success.

VOLUNTARY ASSIGNMENTS, &c.—See an important law, passed last winter upon this subject, and in force from April 30th.

BUFFALO COUNTY.—This County gave Whiton 10 majority. Last fall, Buchanan had 163, to 68 for Fremont.

The News and the Thompson Swindle.

The *News*, as in common gratitude bound to its Know Nothing co-laborer, DICK THOMPSON, continues to defend the fraudulent payment of *Forty Thousand Dollars* to that versatile politician, in consideration of the "aid and comfort" rendered to the Sham Democracy at the last Presidential contest. The *News* essays, indeed, to make it appear that the claim was a fit and proper one; and that DICK really did some $80,000 worth of work for the Menomonee Indians. Moreover, the *News* urges that there could be no corruption in the case, because DICK is not a Democrat, but a Know Nothing. Hear the Federal and Know Nothing organ on this point:

THE SENTINEL AND R. W. THOMPSON—ONCE MORE.—The *Sentinel* finally acknowledges that R. W. Thompson (the gentleman whom it charges the administration at Washington, corruptly paid $40,000) is not a Democrat, but the very opposite, a Know Nothing. So far so good.—But we submit that it ought, while on the confessional, to have confessed that instead of Thompson's (or Dick as the *Sentinel* familiarly calls him) aiding Buchanan, in any shape, in Indiana, he did not labor in that State at all, but confined his efforts to Kentucky where the Know Nothings and Republicans hoped to defeat the Democratic nominees and thereby throw the election into the national House of Representatives. This is a fact well known to the *Sentinel*.

Excuse us. We vouch for no such "fact."—Indeed we have been credibly informed and believe to the contrary. DICK engineered the K. N. organization in Indiana, during the Presidential canvass, and used it to help BUCHANAN.—Very like, he also talked to the "dark lantern" brethren in Kentucky, occasionally, but this was to keep up appearances. As to the *Sentinel's* "not a Democrat, but the very opposite, a Know Nothing," we have only to say that this is a characteristic fabrication of the *News*. The *Sentinel* never represented DICK THOMPSON otherwise than as a renegade Whig and rampant Know Nothing, and therefore a natural ally of BUCHANAN and the Sham Democracy. We find no special fault with him for helping the Bachanals in the last campaign, since he had a right to do as he liked. But we do find fault with the Administration for their hot haste to pay THOMPSON *Forty Thousand Dollars* upon a claim for services rendered to the Menomonee Indians which the Indians themselves unanimously repudiated; which GUTHRIE, the late honest Secretary of the Treasury, rejected; which CUSHING, the late Attorney General, advised President PIERCE that he might suspend; which the President *did* suspend; which Dr. HUBBSCHMAN, the Superintendent of Indian affairs, openly denounced, as fraudulent and unfounded; and which Mr. MANYPENNY, Commissioner of Indian affairs, refused to allow, and being overruled, retired in disgust. These are all "democratic" authorities, and pretty good ones, *against* the THOMPSON Swindle; while "it is instructive to remark" that the apologists and defenders are only to be found among the livyried lacqueys of the administration. The success of THOMPSON has encouraged the whole pack of harpies, who look upon the Treasury as their proper prey, and who are loud in the expression of their delight at the retirement of those vigilant sentinels, GUTHRIE, WASHINGTON, and WHITTLESEY, and the substitution of such easy and accommodating gentlemen as COBB and CLAYTON.

Milwaukee & Superior Railroad.

Mr. ALTON, President of the Milwaukee & Superior R. R. Co., publishes a statement from which we derive the following information relative to the condition, progress, and prospects of that enterprise. He says:

"An approximate line of location has been determined upon between the cities of Milwaukee and Sheboygan, a distance of fifty-five miles; and considerable progress has been made towards the grading, purchasing and furnishing the material upon the lower portion of that section.

A contract has been entered into with the La Crosse and Milwaukee Railroad Company by which our Company enjoy the privilege of using four miles of their track, and are entitled to such conveniences as may be required in the depot grounds and passenger stations of that Company in the city of Milwaukee. The construction of the Milwaukee and Superior Railroad, consequently, has been commenced at the point of divergence from the La Crosse and Milwaukee Railroad four miles from that city."

The line as far as Ft. Washington is under contract since August, and ten miles, from the south end are about ready for track layers. It is expected to reach Port Washington by the 20th of September. Four thousand tons of rails have been purchased, and five locomotives.

Chairs and spikes sufficient for laying forty miles of track have been purchased, to be delivered as the progress of the work shall require. Car wheels and other furnishing materials to a large amount have been provided.

Favorable contracts have also been entered into with a responsible Company for the transportation of all the materials this Company may require during the coming season, from the city of New York to Milwaukee.

If the money market should improve, the Company hope to complete this year to within 11 miles of Sheboygan. The estimated cost of this portion of the road in running order, is $1,120,000, and the resources at hand are given as follows:

RESOURCES.	
Cash and farm mortgage stock subscriptions, now being obtained,	450,000
Stock to be issued to contractors and used in construction and purchase of equipment,	120,000
Milwaukee City Bonds,	100,000
Ozaukee Co., Bonds,	200,000
First mortgage Bonds,	400,000
Total	$1,270,000

Leaving a surplus of $150,000, applicable to increased equipment, and continuation of construction towards Sheboygan.

Mr. ALTON furnishes figures for the estimated cost of the road to Green Bay, and resources applicable thereto, which leave a margin for contingencies. In order to reach a 10 per cent dividend on the estimated cost of the road, after paying intercst and expenses, a revenue of $5,385 per mile would be sufficient, which is less than the revenue of any other of the leading western roads, running 100 miles. That amount of revenue, and more, may be fairly expected from a road running through a country so well settled now, and so rapidly increasing in population and wealth, as that traversed by the Milwaukee and Superior Railroad. Mr. ALTON says:

In order to provide for the purchase of Iron Rails and equipment, a first mortgage or trust deed, covering the entire first division from Milwaukee to Green Bay, a distance of one hundred and twenty miles, has been executed under a resolution of the Board of Directors to the Farmers Loan and Trust Company of the city of New York, *to* secure the payment of the principal and interest of the eight per cent twenty year bonds of this Company to the amount of twelve hundred thousand dollars, with a provision for a sinking fund, sufficient to absorb the entire amount of bonds at or before maturity.—It is also provided, that only five hundred and fifty thousand dollars of these bonds can be issued during the year 1857, and the remainder, as the progress of the work shall demand, after January 1, 1858.

The security afforded by this mortgage is ample, as the laws of Wisconsin fully recognize the validity of such instruments, not only as to the track and fixtures belonging to it, but including all equipment that might be placed upon it.

NEW PAPERS.—The *Central Wisconsin* is the title of a new and handsome eight column weekly, which comes to us from the thriving village of Wausau, Marathon Co., published by Messrs. CHUBBUCK & Co. It is a live paper, full of news, and bound to succeed.

The Bayfield *Mercury*, published at Bayfield, La Pointe Co., the first number of which was issued April 18th, has just reached us, having made a quick trip. We are surprised to learn from it that the village already contains a population of 600. So our Wisconsin towns spring to life!

MILWAUKEE & HORICON R. R.—The Berlin *Courant* of the 1st instant, says that the work of grading on the M. & H. R. R., has been commenced in that city, and is to be prosecuted vigorously to meet the grading from Ripon.

KENOSHA CITY AFFAIRS.—The Kenosha *Telegraph* contains the inaugural of Mr. Park, the Mayor. We gather this information from it concerning the affairs of our sister city:

The income of the past year was $18,641 28, —the expenditures, including old debt, $11,877,-06; balance in the treasury $1,764,22.

The amount expended on the harbor, at the close of this year will have been $82,569, most of which has been raised by the city.

The tables of imports and exports for 1855 are given, as prepared by the U. S. authorities, to accompany the report of 1856 on the harbor. The Mayor states that the aggregates are much below the business of the past season. We copy the following principal figures:

ANOTHER "HINT" FROM SECRETARY STANTON.—Secretary STANTON of Kansas, besides his "regular" address, which we published in our last, issued a supplemental one at the Planters House, Leavenworth, in which he dropped the following significious remark:

"He stated that the peaceable admission of Kansas into the Union, *depended more upon her course as a State*, than the institutions which she might choose to adopt.

That the conservative States of the North or South had no objections to her admission, either with a constitution allowing or forbidding slavery, *provided they were satisfied that she would neither be an abolition nor a nullifying State.*"

That is to say, if Kansas is "sound on the goose," the political wire-workers now in authority there, are rather indifferent than otherwise, whether she comes into the Union Free, or Slave.

SHEBOYGAN & MISSISSIPPI R. R.—The Directors of this Company, in view of the failure of the people of Fond du Lac to vote the loan of bonds asked of them, have resolved to ask the city of Sheboygan to issue $200,000 to them in bonds, in addition to those already furnished.

ALDERMAN SENTENCED TO THE COUNTY JAIL.—Ald. DENNIS COUGHLIN, a locofoco elected a member of the Chicago Common Council this spring, has been tried for an assault committed during the election riot in that city, and sentenced to 60 days imprisonment in the jail, and $250 fine.

☞S. S. L'Hommedieu, Esq., President of the Cincinnati, Hamilton & Dayton Railroad, in a speech on the occasion of laying the last rail on the Ohio & Mississippi road on the 15th, related the following incident:

In 1830, Mr. L'Hommedieu, then proprietor of the Cincinnati *Gazette*, visited Baltimore on his bridal tour, and went out with Mr. Monroe to inspect the commencement of the Baltimore and Ohio road, the track which was then laid eight miles out Baltimore with flat rail and run by horse cars. During the inspection they discussed the question of what it was the duty of the press to say in regard to this new project, and came to the conclusion that the thing was a *humbug*—that it would never compete with a macadamized road, and that it was the duty of the press to come out boldly and say so, and thus put a stop to a *wanton and useless expenditure of money.*

A Rumor from Kansas.

NEW YORK, April 30.

The *Times* Washington correspondent says: Advices have been received here from Kansas by the Government which are in the highest degree gratifying. The Free State men, under the leadership of Fov. Robinson, have resolved to co-operate with the endeavors of the administration to secure a fair expression of the will of the people in relation to the question of slavery, and will abandon their previous policy of inactivity.

This is not a matter of surmise, but is the explicit determination of Robinson himself. It has been communicated not only to the Government, but to Mr. Walker, who is still in our city.

Per contra, the well informed correspondent of the St. Louis *Democrat*, whose letter, which we publish below, must be later than anything which could have reached Washington, says:

LAWRENCE, April 24, 1857.

EDITOR DEMOCRAT:—Secretary Stanton, acting Governor of Kansas, visited the citizens of this place, and made a speech, informing them that his "proclivities" were southern, and that he was in favor of making Kansas a slave state; also that the bogus laws must be enforced, and that they would use the dragoons of the U. S. Government for that purpose. The citizens replied simultaneously that, Mr. Stanton, and all the dragoons that could be sent to Kansas, could not enforce the laws in Kansas made by Missourians. Judge Smith, of Penn., one of the seven prisoners whom the mob arrested for treason, at the sacking of Lawrence, replied to Mr. Stanton, saying that the Free State men were able to defend their rights, and would do so, if it was necessary for them to meet the U. S. dragoons, border ruffians, Georgia red shirts and the Palmetto chivalry. Governor Robinson spoke at some length, showing the worthy Secretary that "Jordan was a hard road to travel," and that on the next fall he might land on the other side. UNION.

Laws of Wisconsin.

Published April 30.

AN ACT to regulate voluntary assignments with a view of insolvency.

The People of Wisconsin, represented in the Senate and Assembly, do enact as follows:

Section 1. That all voluntary conveyance, sales, assignments or transfers whatever, of any real estate, chattels real goods and chattels, rights, credits, monies or effects whatever here-after made with a view of insolvency shall be void as against creditors, unless the assignee in all cases shall be a resident of this State; and shall before taking upon himself the several trusts conferred upon him, or them, by the instrument of assignment, appointing such assignee, execute a bond in a penal sum, and with sufficient sureties to be approved by the county judge of the county where the assignee resides at the date of the instrument of assignment, conditioned to pay over all monies that shall come to his or their hands from the effects of the assignor, after deducting the necessary expenses of performing the trust to the several persons or parties named in the instrument of assignment appointing such assignee, according to the tenor and effect of such instrument of assignment.

Sec. 2. This act shall take effect from and after its passage.

Approved March 7, 1857.

COLES BASHFORD.

NAVIGATION.—Contrary to expectation, the *Eureka* succeeded in getting through Lake Poygan yesterday, and is making her way as far as New London. The *Pearl* started to-day for the same port, with a large load of passengers and freight. Thus the navigation and business of Wolf River have fairly commenced.

For several days past, the *Berlin City* has been making regular trips between this place and Berlin, on the Fox.

Lake Winnebago—or rather a large portion of it—is yet bound in its icy fetters, although our harbor is open for a few miles out. Three or four days like this will suffice to put our neighbors of Fond du Lac and Menasha, as well as the rest of the world, in connection with Oshkosh.—*Oshkosh Courier.*

BROWN CO.—OFFICIAL.—M. M. Cothren's majority in Brown Co., as declared by the canvassers, is 273. At the time the canvass was made, but few towns had sent in their returns. Since the canvass, the towns of New Denmark, Morristown and Glenmore have made returns, which increase Cothren's majority to 325, leaving a number of towns to hear from, all of which, we think, give Judge G. a majority.

D. Agry's majority, in the towns now returned, is 815—nearly unanimous. The vote in the whole county, was uncommonly light.—*Green Bay Advocate.*

PENSAUKIE.—A friend at Pensaukie sends us a statement of the number of logs cut during the season for E. B. Ward's Mill, on the Pensaukee river, which our readers may rely upon for accuracy:

Whole number of logs	38,000
Estimated amount of lumber	8,600,000 feet.

Personal Liberty in Maine.

The Legislature of Maine, which has just adjourned passed toward the close of its session, the two following laws, besides resolutions condemning the Dred Scott decision. The action of that State on the phase of the Slavery question has been prompt, moderate and just:

AN ACT additional to "An act further to protect personal liberty."

Be it enacted by the Senate and House of Representatives in Legislature assembled, as follows:

SEC. 1. When it shall come to the knowledge of any County Attorney that any person has been arrested at any place within his county, and is claimed as a fugitive slave under the provisions of an act of Congress, the said County Attorney shall immediately repair to the place where such person is held in custody, and render him all necessary and legal assistance in making his defence against said claim.

SEC. 2. It shall be the duty of the said County Attorney to summon such witnesses as he shall deem necessary to substantiate such defence, whose fees and all other necessary and legal expense, incurred by making such defence, shall be paid by the State.

SEC. 3. This Act shall take effect from and after its approval by the Governor. [Approved, April 14, 1857.

AN ACT declaring all slaves brought into this State by their masters into this State free, and to punish any attempt to exercise authority over them.

Be it enacted by the Senate and House of Representatives in Legislature assembled as follows:

SEC. 1. Any slave voluntarily brought into this State by his master, or with his knowledge or consent, shall thereby become free; and if restrained of his liberty, he may on the writ of habeas corpus be discharged from such restraint; and any attempt by any person to restrain such slave of his liberty, or to exercise the authority of master over him, shall be punished by a fine not exceeding one thousand dollars, or by an imprisonment not exceeding one year.

Sec. 1. This act shall take effect on and after its approval by the Governor. [Approved April 15, 1857.]

THE TRANS-ATLANTIC TELEGRAPH AND THE NEW YORK DAILIES.—We see it stated that on the completion of the Atlantic telegraph, the leading New York dailies propose to take a thousand words of news each day. This will cost them $3,000 to $7,000 per week, and the price of the papers will be increased in proportion. Indeed, it is already rumored that the *Herald* will be five cents a copy after the new arrangement begins. Of course the *Tribune* and *Times* will follow suit. In that event, the circulation of those papers will suffer somewhat—unless, indeed, their enterprise and outlay are appreciated as they ought to be.

THE MARKETS, &c.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, May 4, 1857.

Received by Phil. & Miss. R. R.—186 bbls flour, 8,580 bus wheat, 400 do corn, 140 do potatoes, 204 hides, 20 boxes shot, 1 car hay.

By Mil. & La Crosse R R.—1,141 bu wheat, 98 bbls flour, 7767 lbs hides, 5527 lbs sundries.

By Milwaukee & Horicon R. R.—3516 bus wheat, 95 bbls flour, 15 hides, 4620 lbs sundries.

By Watertown Division—420 bu wheat, 150 bbls flour, 100 ⅌ do, 87 bales hops, 0 bags potatoes.

The receipts from the country are large for the season, the aggregate amount of wheat for the last week being about 30,000 bus. At the depots on Saturday, the upward feeling in prices was still manifest, but there was less confidence on the part of buyers for shipment. Most of them fear the effect on prices East, of the arrival of the large fleet now afloat in this lake. Clearances were taken out on Saturday, at our custom house, for vessels carrying nearly 10,000 bbls flour and 200,000 bus wheat, mostly bound for Oswego. The propeller *Globe* takes flour for Buffalo, chartered through to New York at 25c. Another cargo of wheat cleared hence for Chicago, bound for St. Louis.

WHEAT—sales at depot at 1,08@1,10 for good spring, and 1,12 for choice do; winter brought 1,15@1,20 for inferior to prime white; offers of 1,12½ were made for spring free on board, but we heard of no sales at that figure.

RYE—nominally 70a75—ye flour 4,50.

BARLEY—only small lots in market, and sold according to quality and wants of buyer, at all sorts of prices, ranging from 1,20 for inferior to 2,00 for very choice.

OATS—farther advanced—we quote at 60a62.

CORN—wanted at 55a59.

POTATOES—37½a1,00.

BUTTER—15a25 for common to good firkin—and scarce at that.

PORK—logs ... mess 22a24.

... 00 for dry.

HIDES—quick—at 5a5¾ for green; ...

HAY—very scarce and high—common marsh hay sells at $20, and timothy 25a28.

Chicago Market.

CHICAGO, May 1.

The *Press* of Saturday says that holders showed a disposition to realize, but buyers were not willing to come up to the extreme rates. Still a large amount were made deliverable on board up to June 1st, at 1,10; 12,000 bush of Milwaukee Spring, delivered here by the 15th, sold at 1,14, and another cargo delivered here immediately at 1,16.

St. Louis Market.

ST. LOUIS, April 28.

Demand for wheat fair, ranging from 1,25 for common Spring to 1,70@1,80 for fair to choice white winter.

EXPORTS OF WHEAT AND FLOUR FROM CANADA.—The Toronto *Globe* of the 29th ult., contains an interesting table of the Wheat and Flour exported to Canada to foreign ports, during 1856. The aggregate was 4,037,-656 bus wheat, and 87,476 bbls of Flour, valued at $12,-997,643—nearly *thirteen millions* of dollars. Of this amount, $2,103,998 was sent to England, $10,3.9 to North American Colonies, and the residue, nearly *ten millions*, went to the United States.

Compared with the two preceding years, the Canadian export of wheat and Flour for 1856 shows a very large increase, as follows:

	Wheat.	Flour.	Value.
1854	358,376	69,623	$344,6 0
1855	3,193,743	617,926	2 912 9 2
1856	4,037,656	878,715	3,216,9 2

LAUNCHED.—On Saturday, Quayle and Martin launched for N. C. Winslow and Capt. Smith, late of the Propeller Potomac, the fine fore-and-after Geo. T. Dousman. She is a strong vessel, of handsome model, and will do honor to the large fleet of A. No. 1 vessels that are built here this season. She is of the same size as the schooner Charles H. Walker, just built by the same men for H. J. Winslow, which measures 186 92 feet keel, 29,05 feet beam, 11,52 feet hold and 753 tons. Capt. Smith will sail the Dousman.

K. Calkins also launched for V. Swain and Capt. Baker the schooner Flight. We shall have more to say of her.—*Chicago Herald*, 28th.

Body Found—Supposed to be that of Wm. A. White.

We learn from Mr. Beck, the Chief of Police, the following particulars relative to a body found on Saturday on the lake bluff, about ¾ths of a mile north of the lighthouse. The body was found lying on the top of a mass of earth which had slid off the bank by the effect of the frost, the mass being about 25 feet high. the body resting that distance above the shore. The latter was very much decayed, so as to prevent all possibility of recognition, or of ascertaining the cause of death. Portions of the clothing were in such a condition as to allow of a full description of the dress. The body was that of a man 5 feet 9 or 8 inches in height, rather stout built. He had worn calf colored Kossuth, of fine texture—the shoes, new patent leathers—pantaloons of dark cassimeres, well made; the waistband lined with yellow silk. Coat, heavy steel mixed, lined with black silk—neckerchief—white shirt—single breasted white Marseilles vest, and common colored cotton socks. Hair brown and rather long—all the back teeth filled with gold. In the watch pocket was an open-faced gold watch, with a handsomely engraved dial, 4 holes jewelled, cylinder escapement, marked "J. Mathey, Eng. from Locle, No. 2,649.

Mr. Beck thinks the body answers the description of Mr. Wm. A. White, of Madison, who was missing shortly after the State Fair last fall, and at once telegraphed to his friends in relation to the subject.

SUMMER ARRANGEMENT—MILWAUKEE & MISSISSIPPI R. R.—The arrangements for the summer will be found in our advertising columns. Briefly, they are as follows, for the *three* trains going west:

Leave Milwaukee at 7:30 A. M., with an accommodation train, running to Madison only for the present; Day Express, leave at 11:15 A. M., connecting at Milton with the express which leaves Chicago at 10:30 A. M., reaching Prairie du Chien at 9:45 P. M., and connecting there with packets for the North; Evening train leaves at 3 P. M., on the arrival of the Lake Shore cars from Chicago, connecting 1 Milton with a train from Chicago over the St. Paul & Fond du Lac Railroad, and arriving at Prairie du Chien at 7:20 A. M.

The business of the road is rapidly increasing since its completion through to the Mississippi, and the receipts for April, just passed, during the last two weeks of which only teams have run through, show an excess of nearly $20,000 over April of last year.

ATTENTION SEVENTH WARD!—CLEAN THE STREETS!—The Aldermen of the Seventh Ward publish the following regulations about cleaning the streets and alleys, and keeping them, as well as the side-walks, in the Seventh Ward, in good repair:

1st. Each and every owner or occupant of any dwelling house, store, shop, tenement or building of any kind or description, or of any lot, or part of a lot, situated in the Seventh ward of the city of Milwaukee, and fronting on any street or streets, or abutting on any alley in said ward, shall, on Friday morning of each week, clean the sidewalks and the alley to the centre thereof, and also half the width of the street or streets in front of such lot, or part of a lot, by scraping, shoveling and sweeping all the rubbi h, chips and filth of every kind into compact heaps in the middle of such street or streets, or alley, to be removed to such place as the Street Commissioners may direct.

2d. The owner or occupant of any lot or part of a lot, fronting or lying on any street or alley, in the seventh ward of the city of Milwaukee, shall keep in good repair the sidewalks adjoining such lot or part of a lot, and also the street or alley in front thereof, or the same.

3d. In case the owner or occupant of any lot or building within the limits of the Seventh ward, shall refuse or neglect to comply with the foregoing regulations, after reasonable notice, then the Street Commissioners will cause such work to be done weekly, chargeable to such lot or part of a lot, in the manner provided by law.

THE NEW CITY DIRECTORY.—Messrs. Erving, Bardick & Co. have just completed the canvassing for their new City Directory, and they wish to say that if any resident has been overlooked, he will oblige them greatly by leaving his name, occupation and residence at this office. It is the intention of Messrs. E. B. & Co., to make this a reliable work—one that will be a credit to our city, and as every resident must have an interest in having a good City Directory, all should co-operate with them, and do all in their power to make it such. No pains or expense will be spared to make it a work that will meet the public approbation in every way. They also wish us to state that those who intend to have their names inserted will oblige them by handing them in as soon as possible, as the book will be very soon in the press.

DR. BAIRD'S LECTURE THIS EVENING.—It will be remembered that Dr. Baird gives the third Lecture of his Historical course this evening at the North Presbyterian Church, instead of the 1st Presbyterian Church, and he will deliver the balance of his course at the church. The subject for this evening, is the History of Germany and Holland, with notices of the Revolution of Holland, the thirty years war in Germany, Bonaparte's Campaigns, &c. &c. This is an excellent subject, and when handled by Dr. Baird, cannot fail to be highly interesting.

CITY LAND OFFICE.—Messrs. Ogden & Wall have sundry advertisements in our paper this morning, to which they invite the special attention of the public. They offer for sale a variety of valuable property, and as real estate in this city is bound to rise rapidly within the next twelvemonth, this opportunity for buying at a bargain ought not to be neglected. Read what they say.

QUEER FREAK OF CUPID.—That busy mischievous elf cupid sometimes puts queer freaks into folks heads. Yesterday a wedding took place in this city, the bridegroom being eighty years of age and the bride seventy. They were from Milwaukee.—*Chicago Tribune*, of Saturday.

Why don't the *Tribune* give us the names of this youthful couple?

COMMON COUNCIL.—There was a special meeting of the Common Council held on Saturday evening, for the purpose of hearing report of Committee on Finances, the communications from City Comptroller, and many other matters of importance, of which we have no space to speak at present. We shall give a full report to-morrow.

FOR BUFFALO.—The propeller *Globe*, which has been completely refitted in splendid style during the past winter, is loading for Buffalo, and leaves for that port on Wednesday morning. Her accommodations for passengers are first rate. GRIFFIN & BURNS are passenger agents for her, as well as for all the other propellers plying around the lakes.

ALMOST A SMASH.—On Saturday, as the schooner Garden City was turning around in the river below Walker's Point bridge, she ran part of her bowsprit into the side of the warehouse of the Northern Transportation Company, displacing some boards, but luckily did no serious damage.

WHEEL DAMAGED.—The propeller *Globe*, in winding in the basin on Saturday, struck her wheel against the platform projecting west from Walkers' Pt. bridge, injuring it somewhat. The damage, however, was slight, and will not delay the departure of the vessel on Wednesday.

M. & M. R. R.—Mr. JERRIS, Superintendent of the M. & M. R. R., wishes us to request all those papers which have the old advertisement of this Company, to copy the new one which will be found in the *Sentinel* this morning, and send one number to his office.

N. Y. & ERIE R. R. OFFICE—REMOVED.—The office of this company is removed to No. 186 East Water St., lately occupied by the Bank of Commerce. Mr. H. G. WILSON is still the agent, as heretofore.

NEW SILKS.—Messrs. Adler, Newbouer & Co. have received a large assortment of beautiful silks bought at a sheriff's sale, which they are selling at unusually low prices. See their advertisement.

City Auction Room.
ALL Goods sent to my Auction Room for sale, I will advance one-third cash on the amount. I have now employed an experienced and thorough business gentleman, Mr. Ayres, who in my absence will attend to all matters connected with my auction business. My object is to make the City Auction Room a thorough business house. I am sorry that I have not a better Room for my business, but I hope in course of time to induce my good friend, Mr. Eldred, to erect, or let me do it, a Block of stores on the corner of Wisconsin and East Water streets which will go ahead of any we have now in our city, and I will of course try and keep the old corner, for I will do my best where I now am, and will keep all Goods insured, it being the best stand for Auction business in this city. may3 CALEB WALL.

Great and Extensive Sale of Lots in Portage City, Columbia Co., Wis.
TWO HUNDRED LOTS.
THIS CITY is now commencing to build, every description, and hold out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve hundred souls, and rapidly increasing, and has all the conveniences and comforts that any other city in the West has. There are already two Planing Mills, and several Saw Mills in operation, and a Furniture Factory, in a few months, will have its Office, and Water Power. It contains a fine brick store houses and dwelling houses as you will find in any Western city, and its location and situation is pleasant, and can not be surpassed in the State. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have four lines of Stages to Portage. The Fox, Green Bay and Illinois River Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and the prospects of flattering as Portage City; and I would say to those who have money to invest, and who are seeking a house, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The Lots which I am going to sell on June 16th, 17th and 18th, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of the Lots in Portage City, if they will call on me I will give them all the information they want. They list of lots I will publish in a few days. They will be sold on very easy terms.

HARDWARE.

NO BLAZE! NO BURNT STEAKS!
No Smoky Kitchen!
ROBINSON'S DOWNWARD DRAFT
GRID IRON.
"What though with lavish kindness
The S-loin steaks are strewn,
Some Bridget in her blindness
Will cook them hard as stones."
The author of the above lines should purchase one of Robinson's Grid Irons, and the poor Bridget would have something on which she could cook a steak as it should be.
[From the Boston Advertiser.]
A good beefsteak, well cooked, so seldom appears in the line of meat meats Bives, that we think a very great advance has been made in a utilization by the invention of a new *gridiron*, which enables even a stupid attendant to cook a steak perfectly well. So great is the advance, that we gladly call to it the attention of our readers.
This new gridiron accomplishes three desiderata:
1. It raises all the gravy of the meat, none dropping into the fire.
2. It cooks the steak through, without burning the outside.
3. It prevents the passage of any smoke into the kitchen or house.
To a grand result, as we are made certain by the judgment of many experts, as well as our own more fallible taste, is that with less trouble, meat is broiled better than ever before.
